

Hello!

We're looking to rent a home in London - our preferred areas are Camberwell/Stockwell/Oval and Kennington, but we'd be open to other ideas!

Oscar is an artist and decorative painter, a recent graduate of Van Der Kelen-Logelain, Institute for Fine Arts, Brussels. Daisy is a set designer working in both film (Gladiator II, Fantastic Four) and fashion (Burberry, Vivienne Westwood, Prada).

We are both clean, tidy, organised & respectful non-smokers. We both have our own studios, so no crafting at home (unless you'd like some trompe l'oeil in your bathroom).

Ideally, we're looking for a 1-2 bed from November, but we can be flexible on move dates. Very happy to arrange a call, provide references, and answer any questions you have.

If you have a place or a lead, we'd love to hear from you - please share!
