

HUBERT ZANDBERG INTERIORS LTD

Freelance Interior Designer

Location: Hubert Zandberg Interiors, Notting Hill, London

Hours: Monday-Friday / 09:00 – 18:00

Role Overview (High End Residential & Hospitality)

As an Interior Designer, you will be responsible for developing creative, bespoke interior design solutions from concept through to implementation. The role requires a strong eye for materials, finishes, furniture, lighting, and spatial composition, combined with an appreciation for craftsmanship and detail. Alongside your design ability, you will bring strong technical skills in software such as SketchUp, Photoshop, and the Adobe Creative Suite to communicate and present design ideas to a high standard. The practice places particular emphasis on bespoke design, with high expectations for creativity, presentation quality, and attention to detail.

Key Responsibilities

Concept to Detail Development

- Lead the development of bespoke interior design concepts from initial brief through to detailed design.
- Undertake design research, material sourcing, and the development of creative schemes
- Produce and coordinate client presentations, including mood boards, SketchUp models, Photoshop visuals, and presentation materials
- Prepare detailed FF&E selections, specifications, and schedules
- Ensure design intent is maintained throughout all stages of the project

Coordination & Delivery

- Lead the day-to-day coordination of projects from concept through to completion
- Manage project programmes, budgets, and resources, ensuring projects are delivered on time and within budget
- Coordinate with Interior Architecture team, architects, consultants, contractors, suppliers, and manufacturers throughout the project lifecycle
- Attend site meetings and oversee design implementation to ensure the design vision is realised
- Maintain project documentation and issue regular project updates
- Manage consultant appointments and coordinate external design input where required

Team Contribution and Client Engagement

- Support the Head of Design and Creative Director in delivering design excellence
- Mentor junior team members where appropriate
- Contribute to design reviews with a strong eye for quality and detail
- Present refined design solutions clearly and confidently
- Manage expectations and respond to detailed client feedback
- Lead client meetings and presentations with confidence and professionalism. Act as the primary day-to-day client contact, managing expectations and communicating project progress.
- Attend new business meetings and assist in developing new client opportunities.
- Maintain discretion, professionalism, and sensitivity to client needs

Key Skills & Competencies

- Strong technical detailing, especially bespoke joinery and luxury finishes
- Exceptional design flair with a strong understanding of luxury residential interiors
- Excellent presentation and communication skills, with the ability to confidently present ideas to clients
- Advanced proficiency in SketchUp and Adobe Photoshop, with the ability to produce high-quality visual presentations
- Strong technical knowledge of interior design, bespoke joinery, materials, finishes, and FF&E
- Excellent organisational and project management skills, with the ability to manage multiple projects simultaneously
- Strong leadership, coordination, and mentoring skills
- High level of commercial awareness, including programme and budget management
- Meticulous attention to detail and a commitment to delivering the highest quality of design

Qualifications & Experience

- Qualification in Interior Design
- 5 years min professional experience, ideally in luxury residential or hospitality sectors
- Experience preparing client presentations and presentation materials
- Experience in client liaison and stakeholder management
- Experience in business development and attending new business meetings
- Willingness and ability to travel as required
- Right to Work in the UK
