

MARTIN BRUDNIZKI DESIGN STUDIO

Mid-weight Designer

Martin Brudnizki Design Studio has a vacancy for an ambitious and talented mid-weight Designer with 3-6 years' experience to work on high end Interior Design projects in the Restaurant and Hospitality sectors.

An extremely high-level of AutoCAD is a must and a proficiency in Photoshop and SketchUp is essential. Current UK building regulation knowledge as well as a comprehensive understanding of construction technology and a high level of joinery and detailing is imperative. The individual should be a strong team player with good communication skills and the ability to coordinate, control and make decisions. A general all-rounder preferred.

The candidate should also:

- Be meticulous, highly organised and efficient.
- Be a team player able to support and contribute to a positive working environment.
- Be capable of clear communication; fluent in English, both written and verbal.
- Be proficient in AutoCAD, Photoshop, and InDesign as well as having knowledge of Sketch Up.
- Demonstrate confidence in sketching and presenting new ideas.
- Show experience of delivering neat, clear and accurate design information and schedules.
- Be able to confidently represent the Company externally and contribute to MBDS's professional reputation and high level of attention to detail.

Please submit a CV and portfolio samples to careers@mbds.com.
