We are looking for a Senior Interior Designer/Architect to join our interior design studio in West London.

This is an exciting opportunity to join a fast-paced studio with growth forecast over the next few years. Our approach to projects is holistic and we are looking for all-rounders who want the opportunity to run projects efficiently, it is very important the candidate is excellent on execution for the high-end residential market.

The ideal candidates will have a minimum of 10 years' experience running projects from concept to construction.

Experience and skills:

- Able to produce concept visuals to a high standard (SketchUp, photoshop, V-ray, render programs,...)
- Excellent CAD skills – Vectorworks ideally
- Excellent attention to detail and able to draw to a very high standard for both drawing intent and construction packages (in the high end residential and commercial market)
- Have strong FF&E knowledge (both vintage and contemporary) and being able to produce excellent FF&E specifications and schedules
- Site experience to ensure projects are in keeping with the design intent, ensuring quality and compliance with statutory requirements
- Liaising and conducting meetings with all the actors of our industry (from suppliers to contractors to clients) to ensure projects are delivered on-time and within budget and to the highest standard through the project from beginning to completion

Responsibilities

- Ability to take creative direction and translate it from concept to production
- Comprehensive experience leading small teams
- Be responsible and directly involved in all aspects of a project from the conception, drawing package, procurement and installation
- Be responsible for the quality of the project compared to its budget and client's expectations
- Passionate about design, curious to learn new techniques, methods and processes
- Ability to multitask and work on multiple projects at the same time
- British passport or residency required
