

MIRAHSTON

About

Mirahston, founded by Hugo and Maddie Cordle, stands apart from anything else on the market by offering an end-to-end service when it comes to development and interior design and all the increments that are needed to realise a client's creative vision into reality. We can take a residential or commercial building from architectural plans to full build, m & e, interior design and maintaining the property after completion. Alongside this, managing client's full property portfolios in and around central London, the UK countryside and abroad.
