

A detailed kitchen interior featuring a central island with a marble countertop and a blue-painted base. The island has a sink with a brass faucet and a wooden cutting board with lemons. A large window in the background offers a view of a lake and mountains. The walls are covered in small, square tiles with a repeating pattern. The ceiling is painted a light green with a decorative border and a central floral motif. A pendant light hangs from the ceiling. The floor is made of terrazzo with a decorative border and floral motifs.

Holiday: pro rata 24 days holiday + bank holidays – holiday entitlement increases with years of service.

Role

At Artichoke, we seek designers who embody our philosophy: the ability to balance classical principles with creative ambition, crafting bespoke luxury interiors in which exquisite form is paired with practicality, meaning, and a deep sensitivity to the historical and architectural integrity of a home.

The Midweight Interior Designer independently manages smaller defined project areas while supporting the delivery of larger schemes that are creatively and commercially considered interior design solutions from concept through to install. This role demonstrates growing independence and confidence, managing their own workload while contributing to the successful delivery of projects through excellent design, organisation and collaboration.

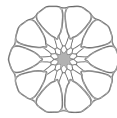

This role requires fluency in interior design FF&E, strong organisational capabilities, and confidence in liaising with suppliers and cross-functional design teams. You will be a key contributor to delivering the creative strategy of a project and collaborate with Creative Designers, Technical Designers, and Project Management Office to ensure coherence and excellence throughout.

This role is suited to a designer with a passion for period buildings, craftsmanship and luxury interiors who is ready to take greater ownership of their work and apply their experience and share their knowledge.

KEY RESPONSIBILITIES

Design Ownership

- Contribute to design development of smaller packages of work, single-room

schemes, or Tier 2 packages from concept through implementation, supporting Senior and Lead Designer.

- Co-ordinate room-by-room material and FF&E schemes - Source fabrics, finishes, lighting, furniture, materials and ironmongery, maintaining awareness of current trends and strong supplier knowledge.
- Participate confidently in design reviews and internal critiques, contributing ideas and solutions proactively.

Co-ordination & Supplier Engagement

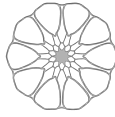

- Work with Project Management Office and Junior Designers to ensure spec sheets, invoices, and POs are accurate and timely.
- Align the design scheme with architectural layouts and MEP constraints.
- Liaise with project designers to refine elevations, finishes, and joinery details.
- Coordinate with external suppliers, specialists, and craftspeople for accurate costing and lead times.
- Contribute to the continual development of materials libraries and supplier networks.

Documentation & Delivery

- Produce and revise drawings, layouts and joinery designs using AutoCAD and Sketch-up
- Manage the collating of information for Presentations, Specifications, Costings and Budgets with the support of Junior Designers.
- Maintain and ensure clear documentation across all project stages.
- Plan, coordinate and oversee on-site installations and styling as required.

KEY SKILLS & ATTRIBUTES

- Excellent communication and presentation skills
- Organised, resourceful, and calm under pressure
- Highly organised with experience managing complex documentation, schedules and spec sheets.
- Strong working knowledge of fabrics, finishes, furniture, lighting, and decorative elements in luxury interiors.
- Ability to multitask across several rooms or phases while maintaining accuracy and design cohesion.

- Advanced Proficiency in:
 - AutoCAD
 - Adobe Creative Suite (InDesign, Photoshop, Illustrator)
 - Microsoft Excel
 - Esti PC
- Non-essential but advantageous:
 - SketchUp (3D conceptual modelling)
 - Hand sketching and tracing ability

HOW TO APPLY

If you feel you would suit this role, we would love to hear from you. Please email sophiep@artichoke.co.uk with your CV and portfolio.
