

THE
RED CARNATION
HOTEL COLLECTION

Mid to Senior Freelance Interior Designer

Rate: £250 -£350 per day (dependent on experience)

Format: Full-Time Freelance

Location: Central London Head Office near Victoria. Hybrid working (Minimum 3 days per week in-studio; 5 days preferred)

Hours: 9am to 6pm open to flexible hours.

Reporting to: RCH Design Director

Role Overview:

The Red Carnation Hotel Group is expanding its in-house design team. We are offering an exciting opportunity for a talented mid-weight or senior interior designer to join us on a full-time freelance basis.

With a portfolio of 17 luxury hotels globally, the group is investing significantly in major renovation projects over the coming years. This role offers a unique opportunity to help shape the company's design identity in its next chapter. Based in our beautiful studio near Victoria, you will report directly to the Design Director and work within a close-knit, collaborative team on diverse, high-end hospitality projects.

Key Responsibilities:

- **Project Leadership:** Independently lead 2–3 small to mid-scale projects from initial concept through to site completion, alongside handling smaller creative tasks.
- **Technical Delivery:** Produce detailed specification documents and comprehensive construction drawing packs.
- **Site & Supplier Management:** Work directly with contractors on-site and coordinate with suppliers to navigate technical detailing and resolve project challenges.
- **Holistic Design & Styling:** Engage in the broader visual identity of the brand, including participating in photoshoots, interior styling, and OS&E sourcing.
- **Cross-Department Collaboration:** Partner closely with our operations team to ensure the delivery of world-class, 5-star luxury spaces.

We're looking for someone with a strong design foundation who's ready to take ownership of meaningful projects and contribute to a broader creative vision.

About You:

- **Experience:** Minimum 5 years of experience in a design studio environment, with a strong preference for luxury residential or hospitality portfolios.
- **Education:** Undergraduate degree in Interior Design, Interior Architecture, or Architecture (a graduate degree is preferable but not required).
- **Technical Execution:** Strong documentation and technical detailing skills, with a proven ability to run a project autonomously from concept to completion.
- **Industry Knowledge:** Solid supplier network and a firm understanding of procurement processes.
- **Communication:** Client-facing confidence with excellent written and spoken English; comfortable liaising with contractors, consultants, and internal stakeholders.
- **Mindset:** Collaborative, proactive, and self-motivated with a positive attitude.
- **Software Required:** AutoCAD, SketchUp, Adobe Creative Suite (InDesign, Photoshop, Illustrator), and Microsoft Office (Word, Excel, Outlook)
- **Bonus Skills:** Rendering skills (SketchUp, Enscape or similar), photoshoot/styling experience, OS&E sourcing
