

Elizabeth Tyler Ltd – Landscape & Garden Design
Full-time Mid-Level Landscape Architect / Designer
Location: Hampshire / Wiltshire (open to flexible working)

Elizabeth Tyler is looking for a mid-level Landscape Architect / Landscape Designer to join her growing practice based in rural Hampshire.

We work on projects across the UK for a range of clients and at a range of scales. We have an emerging specialism in historic projects and Elizabeth has a particular interest in this area of work. An ecologically sensitive approach is core to our studio, as is thoughtfulness to the architectural and landscape context. Our projects are complex and our approach to them involves in-depth research, collaboration with specialist consultants and open-minded creativity.

Attention to detail in research, design and project management is key to the success of our practice as well as robust social skills and sensitivity to the needs of clients. We strive constantly for exceptionally high standards, something our growing list of clients has come to expect from us. We are looking for someone who can help build this reputation.

Job Description:

You will be...

- Working on a range of projects from concept design stage to completion
- Leading the project management and design deliverables of projects across the UK
- Producing CAD drawings and other supporting visuals for design stages, planning and construction. This could include 3D visuals, Vectorworks drawings and planting plans
- Producing other information to support projects such as costing schedules and specifications
- Attending site meetings and liaising with clients, team members, consultants, contractors, and collaborators to help manage the project process.
- Supporting the Principle and other team members as a key member of the design team

Essential skills & attributes:

- BA / MA in Landscape Architecture **or** a Landscape Design qualification **and** a minimum of 3 years' experience in a landscape design / architecture studio
- Proficient skills in AutoCAD/Vectorworks, Sketchup and Adobe Suite, particularly Photoshop and InDesign
- Ability to lead the management of design projects through every stage of the process
- Good plant and horticultural knowledge
- Excellent communication and management skills, with the ability to work under pressure and to deadline
- Ability to sketch and develop designs on paper as well as digitally
- A creative eye and strong attention to detail
- Fluency in English, with additional languages as a plus
- Ability to work in a team and with colleagues but also to work independently.

Salary & Work Expectations:

The studio is based at SP11 8PX and attendance is expected there at least once a week (on a Monday). There is also an option to be a member of a co-working space in London (paid for by ETLTD) which has numerous locations across the capital.

Competitive salary in line with experience, with a generous holiday allowance.

How to apply

Please submit your application to claudia@elizabethtyler.co.uk with the following items:

1. CV and portfolio in PDF
2. Portfolio with work examples (ideally no more than 15MB). Visuals and drawings should be produced by the candidate or otherwise specified.

Application deadline: 2nd November 2026
