

PETER MIKIC

STUDIO

Senior FF&E Designer – Residential

Location: Shoreditch

Peter Mikic Studio is looking for a Senior FF&E Designer specialising in Residential Design to join our friendly and collaborative studio in Shoreditch. You will be a creative professional with a proven track record in luxury residential projects. If you thrive on meticulous attention to detail and have a passion for creating unique, tailor-made interiors for high-profile clients, this long-term opportunity with significant growth potential could be the perfect fit.

The Role & Responsibilities

- Leading FF&E design for high-end residential projects, from concept through to installation.
- Providing creative direction, mentorship, and support to junior team members.
- Acting as the main point of contact for clients, project managers, and suppliers.
- Managing client meetings with professionalism and confidence.
- Coordinating with contractors, suppliers, and fabricators to ensure smooth project delivery.
- Preparing mood boards, material palettes, and presentation documents.
- Sourcing and curating luxury furniture, lighting, textiles, and artwork.
- Designing bespoke pieces including case goods, upholstery, and custom lighting.
- Developing and maintaining detailed FF&E schedules and specifications.
- Managing project budgets, procurement, and logistics with precision.
- Ensuring a seamless client experience aligned with the studio's values and aesthetic.
- Overseeing installations and quality control on site.

Key Skills & Attributes

We are looking for an experienced and passionate designer with the following:

- Minimum of 12 years' experience in the interior design industry, with at least 8 years focused on high-end residential design.
- Experience managing all phases of residential projects from concept to completion.
- A design-related degree or equivalent qualification.
- Excellent knowledge of suppliers, artisans, and materials both locally and internationally.
- Strong presentation skills and client-facing experience.
- Proven ability to manage budgets and procurement processes.
- Exceptional organisational and communication skills.
- Proficiency in AutoCAD, Adobe Creative Suite, Google Workspace, and Microsoft Office Suite. Experience with Spec Designer or Estimac is advantageous.
- Thorough experience in writing and managing FF&E specifications.
- Confidence and discretion when working with private, high-profile clients.
- A collaborative approach and ability to lead by example.
- Adaptability and composure in a fast-paced environment.
- UK citizen or UK settled status.
- Willingness to travel when required.

This is an excellent opportunity for an individual who is passionate about design, eager to contribute to distinctive and elegant interiors, and looking for a long-term position with room for growth. A competitive salary will be offered, commensurate with experience.

Please send your CV and portfolio to info@petermikic.com.
