

PETER MIKIC

STUDIO

Senior FF&E Designer - Hospitality

Location: Shoreditch

Peter Mikic Studio is looking for a Senior FF&E Hospitality designer with experience in Residential Design to join their friendly studio in Shoreditch. You will be a creative professional with a proven track record in luxury projects. If you thrive on meticulous attention to detail and are eager to contribute to unique, tailor-made interiors for high-profile clients, this long-term opportunity with significant growth potential is for you.

The Role & Responsibilities

- Leading FF&E projects, providing guidance and support to junior team members.
- Acting as the primary point of contact for clients, project managers, and suppliers.
- Managing client meetings with professionalism and confidence.
- Coordinating contractors, suppliers, and services to ensure timely project completion.
- Preparing compelling mood boards, fabric schemes, and presentations.
- Sourcing exquisite furniture, antiques, and artwork.
- Designing bespoke furniture, including case goods, upholstery, and lighting.
- Developing detailed specifications and schedules.
- Creating and managing project budgets effectively.
- Overseeing the procurement process for all FF&E elements.
- Upholding our studio's values and ensuring a seamless client experience.
- Setting project timelines and ensuring all deadlines are met.

Key Skills & Attributes

We are looking for an experienced and passionate designer with the following:

- A minimum of 12 years experience.
- At least 8 years of 5-star hospitality experience working for a reputable firm, covering all stages of a project from concept to site installation.
- A design related degree or relevant qualification.
- Excellent knowledge of suppliers and materials (local and internationally).
- Excellent presentation skills.
- Experience liaising with Clients, Contractors and Suppliers.
- Ability to work within given budgets.
- Excellent organisational and communication skills.
- Strong organisational and project management skills.
- Proficiency in AutoCAD, Adobe Suite, Google Workspace, and Microsoft Office Suite. Experience using Spec designer & Estimac is a plus.
- Thorough experience writing FF&E specifications.
- The ability to work confidently and discreetly with high-profile clients.
- A collaborative and leadership-oriented mindset.
- Strong ability to be agile and work in a fast paced environment.
- UK citizen or UK settled status.
- Must be willing to travel abroad.

This is an excellent opportunity for a person who is enthusiastic and passionate about design and is looking for a long-term position and will be eager to progress their current skill base. A competitive salary negotiable depending on experience.
