## INTERIORS

### SENIOR INTERIOR DESIGNER/ARCHITECT

Location: London, with travels to sites and suppliers as required

Position: Full-time, 12 month contract

#### ROLE OVERVIEW:

We are seeking a interior designer with a proven track record of working on commercial projects in the United States. The ideal candidate will have extensive experience delivering large-scale projects that meet U.K standards, codes, and client expectations. Experience across offices, retail, hospitality, or other commercial environments, along with the ability to manage projects from concept through execution, is essential.

#### RESPONSIBILITIES:

##### **Design Development:**

- Lead and contribute to the creative development of commercial and residential design concepts.
- Develop comprehensive mood boards, colour palettes, and FF&E proposals aligned with commercial and residential briefs.
- Source fabrics, finishes, and materials suitable for commercial use, with strong knowledge of suppliers, codes, and durability requirements.
- Ensure design integrity, brand alignment, and attention to detail throughout all project phases.

##### **Technical & Project Delivery:**

- Produce, review, and coordinate drawings, layouts, and detailed joinery packages using AutoCAD.
- Prepare and manage FF&E schedules, specifications, and procurement documentation.
- Liaise with U.S. and international suppliers, manufacturers, and contractors to ensure accuracy, compliance, and timely delivery.
- Attend site meetings, coordinate with consultants and contractors, and resolve design and construction queries.
- Oversee on-site installations and final styling to ensure successful project delivery.

##### **Skills & Experience:**

- Minimum 10–15 years' experience in an interior design studio.
- Experience with US projects is preferred.

- Advanced creative and technical expertise with strong proficiency in AutoCAD and Adobe Creative Suite, EstiMac.
- In-depth knowledge of FF&E, bespoke joinery, and commercial material specifications.
- Exceptional organisational skills with strong attention to detail.
- Strong leadership, communication, and client-facing capabilities.
