

BUCHANAN STUDIO

Midweight Interior Designer. Full Time | West London

About Buchanan Studio

Buchanan Studio is a West London-based design practice working internationally. The studio is known for its 'world-building' approach to interiors, creating layered environments shaped by narrative and materiality.

We are currently seeking a talented and ambitious Midweight Interior Designer to join our growing team.

Working across high-end residential and hospitality projects- alongside select brand and creative commissions- this is an opportunity to be part of a fast-evolving studio with an international portfolio.

Current projects include a London townhouse, a château in France, a barn renovation in Oxfordshire, and a 200-key hotel in London.

You will work closely with our Senior Design Team, including our Design Director and Founder & Creative Director. As a small, highly driven studio, we offer genuine scope for responsibility, development and long-term progression.

The Role

We are looking for a confident and versatile designer- equally comfortable developing concepts, producing detailed drawing packages, managing FF&E, and contributing to product development.

Collaboration and adaptability are essential. You will take ownership of your workload while contributing to the wider creative output of the studio.

Key Responsibilities

- Develop concepts, mood boards and presentation material
 - Produce high-quality 3D visuals to communicate design intent
 - Draft plans, elevations and detailed drawing packages
 - Lead FF&E sourcing, specification and procurement
 - Maintain schedules, specifications, budgets (Estimac) and material libraries
 - Support bespoke furniture and lighting development
 - Contribute to Buchanan Studio product development where required
 - Liaise with suppliers, contractors, consultants and clients
 - Attend client meetings and site visits
 - Travel internationally where required
 - Identify and establish relationships with new suppliers
 - Provide ad hoc studio support when needed
-

Required Skills & Experience

- Proficient in Vectorworks, SketchUp, InDesign, Photoshop, Microsoft 365 and Estimac
- Strong FF&E knowledge- from resourceful, budget-conscious sourcing to high-end bespoke, antiques and reclaimed materials
- Ability to clearly communicate technical drawings
- Strong 3D visualisation capability
- Excellent organisational and time management skills
- Rigorous attention to detail
- A natural instinct for style, proportion and materiality
- Confidence presenting ideas internally and externally
- Strong initiative and problem-solving ability
- Comfortable receiving and applying constructive feedback
- Positive, proactive and collaborative attitude
- Willingness to take ownership and contribute wherever required

About You

You are ambitious, resourceful and eager to grow within a dynamic studio environment. You thrive in a small team where responsibility is meaningful and your contribution has visible impact. You have excellent communication skills and a rigorous attention to detail. You are looking for a long-term role within a creative and evolving studio.

Studio & Benefits

- Studio/showroom just off Golborne Road, West London
- Remote working on Fridays
- 20 days holiday plus bank holidays
- Additional 1 day holiday per year of employment (up to 25 days)
- Studio closure between Christmas and New Year (subject to project schedules)
- Bupa Health Insurance
- Staff discount on Buchanan Studio products
- Well-equipped kitchen with tea and coffee provided

Salary: Dependent on experience

How to Apply

Please submit the following via email to careers@buchanan.studio with the subject title: 'Midweight Designer':

- PDF portfolio (clearly presented and under 10MB)
- CV
- Cover letter outlining your suitability and availability

We look forward to hearing from you.
